In order to protect the contestant's horse, the back and the side opposite the timed event chute of timed event boxes shall either have a lower rail which is no less than 3 ft. above ground level and have no obstruction in the area from ground level up to the lower rail; or be lined from ground level up to a minimum of 3 ft. high with a solid panel (metal or no less than 3/4 thick plywood). Box pads are likewise required for each timed event box. Failure to do so shall result in a fine to the rodeo committee of \$200.00 per performance or section of slack.

R7.1.13 Numbering of Timed Event Stock. All animals designated and drawn in a timed event will be number branded or ear tagged and run in order of draw.

R7.2 General: Judges' Responsibilities.

R7.2.1 Change Barrier String. Barrier judge is responsible for changing barrier string whenever it may have been weakened, or on request of next contestant.

R7.2.2 Adjust Barrier Neck Rope. Barrier judge shall keep a record of the length of the barrier neck rope for each performance and section of slack, to assure the same start for contestants in each performance and section of slack. Barrier judge shall adjust the length of the neck rope when necessary.

R7.2.3 Inspect Barrier Equipment. Barrier equipment must be inspected by the judge before each timed event. If equipment is faulty, it must be replaced. Should barrier break at any point other than designated breaking point, the barrier judge shall determine whether the break was caused by the contestant. If contestant obviously beats barrier, or barrier rope is broken and string is unbroken, barrier judge may assess a 10-second penalty against the contestant.

R7.2.4 Flag Start. If a barrier judge is used to flag the start, he shall flag the animal when animal's nose crosses the starting line.

R7.2.5 Prevent Tampering With Barrier Equipment. Barrier judge shall ensure that no person can stand close enough to barrier or barrier equipment to tamper with same.

R7.2.6 Placement of Flag Judge. Flag judge shall position himself for tie-down roping at the end of the arena, allowing him to come towards the roper. In steer

wrestling and team roping, field judge shall place himself on the right-hand side of the timed-event box when facing the timed event chutes.

R7.3 General - Competition Rules.

R7.3.0 - A contestant should be allowed one fair opportunity to compete on the animal drawn for him. Judge must verify that the correct animal is in the chute for the contestant getting ready to compete.

R7.3.1 Score line. Any score line over 18 ft. must be approved by the Director of Rodeo Administration at the time of rodeo approval. The judges have the discretion to set the score line in relation to the size of the arena.

R7.3.2 Breaking Through Barrier. Contestants shall start from behind a barrier. A 10-second penalty will be added for breaking or beating the barrier.

R7.3.3 Breaking Plane of Barrier. A contestant must be on his/her horse and his/her horse must break the plane of the barrier with his draw breaking the plane of the score line before he/she is allowed to compete.

R7.3.4 Barrier Flag Must Operate. In order for time to be considered official, barrier flag must operate.

R7.3.5 Barrier Failure. If barrier fails to work but the flag operates correctly and time is recorded, contestant or team will receive that time. Barrier penalty will be waived unless barrier is obviously beaten by contestant.

R7.3.6 Failure of Official Time to Start. If official time has not started, contestant or team will receive stock which contestant originally drew if contestant has qualified on that stock. If barrier was obviously beaten, the barrier penalty will be applied to the rerun.

R7.3.7 Contestant Is Fouled.

R7.3.8 Fouled by Barrier. If, in the opinion of the barrier judge, a contestant is fouled by the barrier, the contestant shall be entitled to a rerun on his original stock, provided that contestant declares immediately.

R7.3.9 Animal Which Escapes from Chute or Pen. During any performance/slack, if an animal in a timed event escapes the chutes or pens before it is called for by contestant, or if the flag fails to work and stock is brought back, contestant must take same animal over, during or immediately after the same performance or section of slack.

R7.3.10 Ground Rule Where Extra Automatically Replaces Escaped Animal. If a rodeo is specially approved with a ground rule whereby the extra in a paid performance automatically replaces an escaped animal, that escaped animal then becomes the extra for that pen and is returned to the herd for that run and subsequent runs.

R7.3.11 Drawn Animal Becomes Sick or Crippled. If an animal that is drawn in a pen in a timed event becomes sick or crippled before it is competed on, a judge must pass on the animals inability to be used before it can be shipped or replaced in the draw. In that

instance, that animal is to be removed from the draw (or herd) for the remainder of the rodeo. If the animal is injured prior to competition but the injury is not detected until after the run has started, contestant must declare immediately and must not compete on that animal. Contestant will receive a rerun on a different animal.

R7.3.12 Animal Escaping From Arena. In any timed event, if an animal escapes from the arena, the field judge will drop his flag and all watches will be stopped. Contestant will receive his original animal with a lap-and-tap start. Time already accumulated will be added to time used to complete the qualifying run. If time is not recorded, the contestant will receive a 10 second penalty for any jump or any loop used.

R7.3.13 Escape With Rope on Animal. If a rope is on animal when animal escapes from the arena, contestant will receive the same animal with a lap-and tap start, with the rope on it in chute. Any accumulated time shall be added to time used to complete the qualifying run. If time is not recorded, the contestant will receive a 10 second penalty for any jump or any loop used.

R7.3.14 Returning Animals. An animal that must be returned will be returned by the arena director and the labor crew during, or at the end of, that performance or section of slack. A minimum of three animals will be brought back together. The decision as to when stock will be rerun will be made by arena director.

R7.3.15 Request for Change in Order of Performance. If splitting of horses is necessary and

contestant wishes to request a change in the performance competition order, such a request must be made to the arena secretary or the timed-event chute boss. Contestants can only be moved far enough to accommodate the split on a horse. Violation of this rule shall result in a fine.

R7.3.16 Compete in Order Drawn. In all sections of the timed events, the original position order must be maintained, unless contestants are riding the same horse and their positions must be split. In such case, the first contestant drawn for a position not riding this horse shall be moved up to the position to be split, unless the judges authorize a further split because of arena conditions.

R7.3.17 No Consecutive Runs on Same Horse. In timed events, provided there are other qualified horses on the rodeo grounds, no consecutive runs shall be allowed on the same horse, or horses, unless approval is granted by the arena director, arena boss and/or stock contractor.

R7.3.20 Contestant May Dismiss Individuals from Box. Within the confines of the timed-event box, it is the privilege of a contestant to dismiss someone from the box or have up to three persons in the box for assistance. He may instruct the judge to either remove or allow other people in the box.

R7.3.21 Cattle Pusher. The individual pushing the cattle in the timed events cannot leave the mouth of the chute until the animal has crossed the score line.

Penalty for failure to abide by this rule will be a \$25.00 fine charged to the contestant.

R7.3.22 Horses Allowed in Box. Only the horses needed during actual competition in the event will be allowed in the boxes during any timed event. Offender is subject to a \$25.00 fine for the first offense, with that offense progressively doubling thereafter.

R7.3.23 Recoiled or Rebuilt Rope. In roping events, a dropped rope that must be recoiled and/or rebuilt shall be considered a thrown rope. NO second loop will be allowed or second attempt at a jump of a steer.

R7.3.24 Neck Ropes Must Be Tied With String. Neck ropes must be tied with string. No metal snaps, elastics or hardware shall be used on neck ropes in the timed events. Adjustable slide shall be used on all neck ropes for cattle used in the timed events.

R7.3.25 Liners. A liner must be used in the tie-down roping and break away roping. Liner must maintain the same position for all competitions.

R7.3.26 Judges and Timers. There shall be at least two timers, a barrier judge and a field flag judge. Time shall be determined between two flags.

R7.3.27 Competition Must Be From Same Box. All timed-event contestants must compete from the same box designated for their event:

A) Team Roping - Header must start from left box (as viewed from the box facing the arena); Heeler must start from right box;

- B) Steer Wrestling - Steer Wrestler must start from left box; Hazer must start from right box;
- C) Tie-down Roping - right box must be used. (As viewed from the box facing the arena.)

R7.3.28 Failure of Animal to Pull Neck Rope. In the timed events, if an animal fails to break the neck rope and time is officially started by the contestant, that animal belongs to the contestant. However, if time is started by the animal and contestant (calf roper, steer wrestler and hazer, or header and heeler) remains behind the plane of the barrier for approximately 10 seconds, that animal should be considered a sulking animal and replaced using the miss-draw procedure.

R7.4 Arena Personnel.

R7.4.1 Interference by Arena Personnel. If any arena personnel (pickup men, clowns, announcers, etc.) interfere with a timed event competition, the contestant may, at the discretion of the judge, receive a rerun providing he/she has made a qualified run up to the point of interference and contestant declares him/her self at time of interference.

R7.5 Score lines.

R7.5.1 Score line Lengths. All score line lengths are to be set by the Judges and/or the arena director, in accordance with the official rodeo rules, unless otherwise approved at time of rodeo approval. In all cases, score line lengths of 18 feet or more must be approved at time of rodeo approval. The event representative or the judge may, at his discretion and

prior to the start of the initial competition, approve the lengthening or shortening of the score line by no more than 1 foot over official rodeo rule guidelines depending on the size of the arena. Once the score line has been set, it shall not be changed at that rodeo, nor shall the length of the box be changed.

R7.5.2 Tie-down Roping. In the tie-down roping, at indoor rodeos, the length of score will be the length of the box minus 3 feet or, can be set at the discretion of the judge depending on the size of the arena. The minimum length of score at outdoor rodeos will be the length of the roping box minus 2 feet, or as determined by the judge in his discretion depending on the size of the arena.

R7.5.3 Steer Wrestling. In steer wrestling, at all rodeos, the score may be no longer than the length of the steer wrestling box minus five-and-a-half feet in the case of a steer wrestling box which is less than or equal to eighteen feet, or minus six feet in the case of a steer wrestling box which is greater than eighteen feet. The judge has the discretion to adjust the score line depending on the size of the arena.

R7.5.4 Team Roping. The minimum length of the team roping score line shall be the length of the box minus 2 feet. The judge has the discretion to adjust the score line depending on the size of the arena.

R7.6 Tie-down Roping.

R7.6.1 General Requirements. Contestant must rope calf, dismount, throw calf by hand and cross and tie any

three legs. To qualify as legal tie, there shall be at least one wrap around all three legs and a half-hitch. If calf is down when roper reaches it, the calf must be let up to his feet and be thrown by hand. If the roper's hand is on the calf when calf falls; calf is considered thrown by hand. Rope must hold calf until roper gets hand on calf. Three legs must remain crossed and tied for six seconds, as timed by the judge, from the time the rope horse takes his first step forward after the roper has remounted, until approved by the judge. Roper must not touch calf after signaling that he is finished until after the judge has completed his examination. Rope must remain slack until field judge approves the tie. Unless instructed to do so by the judge, roper will be disqualified for removing rope from calf after signaling for time, until the tie has been passed on by the field judge. In the event a contestant's catch rope is off a calf after completion of tie, the six-second time period is to start when roper clears calf. Flag judge must watch calf during the six second period and will stop watch when a calf kicks free, using the time shown on the watch to determine whether calf was tied long enough to qualify.

If tie becomes illegal by calf kicking, or calf gets to his feet before tie has been approved by the judge, the roper will be marked no time.

R7.6.2 One Loop Permitted. Only one loop will be permitted, catch-as-catch-can, and should the roper miss, he must retire and will be marked no time. Roping the calf without releasing the loop from the hand is not permitted. No roper shall be allowed to use two loops.

R7.6.3 Time Limit. There will be a 25-second elapsed time limit in the tie-down roping. A whistle indicating no time shall be blown by the timer at the end of the 25-second span. Roping a calf after the 25-second whistle has sounded shall be an offense for mistreatment of animals. This rule shall not apply to legal ties completed in less than 25 seconds but which, due to a penalty, are recorded as having taken more than 25 seconds.

R7.6.4 No Dragging of Calf. A neck rope must be used on the horse, in addition to keeper if keeper is used. Contestant must adjust rope and reins in a manner that will prevent horse from dragging calf. Contestant must receive no assistance of any kind from outside. If the horse drags the calf at least five feet, field judge may stop horse. The fine for unintentionally dragging a calf five feet but less than ten feet shall be \$25.00. The fine for unintentionally dragging a calf ten feet or more shall be \$100.00. Intentionally dragging a calf, regardless of distance, shall result in a \$250.00 fine for each offense, plus possible disqualification. Intentional shall be defined as caused by contestant.

R7.7 Steer Wrestling.

R7.7.1 General Requirements. After catching steer, wrestler must change direction or bring steer to a stop and twist it down. If steer is accidentally knocked down, or thrown by wrestler putting animal's horns into the ground, it must be let up on all four feet and then thrown. Steer will be considered down only when it is lying flat on its side, or on its back, with all four feet and head facing the same direction. Wrestler must have

hand on steer when flagged. The fairness of catch and throw will be determined by the judges.

R7.7.1.1 One Jump Rule. All Steer Wrestlers may only jump one time during the Steer wrestling. An attempt (where the Steer Wrestler does not leave his horse) to jump does not constitute a jump.

R7.7.2 Loose Steer. If steer gets loose after wrestler has jumped from the horse, wrestler may take no more than one step to catch steer.

R7.7.3 Furnish Hazer and Horses. Contestant must furnish own hazer and horses. Steer must be caught from horse. Only one hazer allowed.

R7.7.4 No Assistance. Hazer must not render any assistance to contestant while contestant is working with steer. Failure to observe this rule will disqualify contestant. Contestant and hazer must use the same two horses with which they leave chute.

R7.7.5 Addition of Fresh Steers. Fresh steers may be added to the herd after they have been bulldogged from horseback and thrown down. It is the responsibility of steer wrestlers to throw the cattle, at a time mutually agreed upon with the stock contractor.

R7.7.6 Limit on Use of Steer Wrestling Cattle. Cattle used for team roping or other events shall not be used for steer wrestling.

R7.7.7 After Completed Run. Contestant is required to turn steers head so it can stand up after time has been recorded.

R7.7.8 Time Limit. There will be a 60-second elapsed time limit in the steer wrestling. A whistle indicating no time shall be blown by the timer at the end of the 60-second span. This rule shall not apply to legal throws completed in less than 60 seconds but which, due to a penalty, are recorded as having taken more than the 60 seconds.

R7.7.9 Fresh Steers Thrown Down if Missed in Competition. If fresh steers are missed in the steer wrestling, any steer missed in competition must be thrown down immediately following the performance or section of slack in which the steer was drawn. Such steer shall be thrown down by a person appointed by the steer wrestling event representative. Each steer missed in competition is to be thrown no more than one time. No Steer Wrestler may have a second jump at a steer during a Tour and Region Rodeo.

Roping steers without turning loose the loop will be considered no catch. The header must rope, dally and change direction of steer before heeler ropes steer. Only one loop per contestant in the team roping. Once the Header has missed or failed to make a legal head catch the team will be marked a no time and

must retire and will not be allowed to throw any remaining loop.

R7.8.4 Requirements for Roping. Field judge shall drop flag when steer is roped by its head and heels, and both horses are facing steer in line with ropes dallied and tight. Horse's front feet must be on ground and ropers must be mounted for flag to drop. Steer must be standing up when roped by head and heels. Heeler who is 50 years old or older is allowed to tie on. Tie on ropers must use a quick release on their ropes.

R7.8.5 Throwing Heel Loop. The direction of the steers body must be changed before the heel loop can be thrown. However, if the steer stops, it must only be moving forward for the heel loop to be legal. Any heel loop thrown before the completion of the initial switch will be considered a crossfire and no time will be recorded.

R7.8.6 Steer Roped by One Horn. If steer is roped by one horn, roper is not allowed to use his hands to remove loop or put loop over other horn or head.

R7.8.7 Heeler Roping Front Foot. If the heeler ropes a front foot or feet in the heel loop, this is a foul catch. Neither contestant may remove the front foot or feet from the loop by hand. However, should the front foot or feet come out of the heel loop by the time the field judge drops his flag, time will be official.

R7.8.8 Legal Head Catches. There will be only three legal head catches:

- a) Around both horns.

R7.8.12 One Hind Foot. One hind foot receives a five second penalty.

R7.8.13 Inspection of Catches. Any questions as to catches in this contest will be decided by the judges. If a field judge tells the header to hold the steer so the field judge may inspect the head catch, and the header does not do so, the team may receive a no-time.

R7.8.14 Time Limit. There will be a 30-second elapsed time limit in the team roping. A whistle indicating no time shall be blown by the timer at the end of the 30-second span. This rule shall not apply to legal catches completed in less than 30 seconds but which, due to a penalty, are recorded as having taken more than 30 seconds.

R7.8.15 Partner Turns Out At a Tour Rodeo.

Where one partner is turning out or fails to show at a Tour Rodeo, whether or not the Rodeo Secretary has been notified, the remaining partner will be allowed to find a partner who is also entered in that rodeo. The Rodeo Secretary and judges must be notified **BEFORE** the team roping event commences and entry fees must be paid in full before contestants take their stock.

R7.9.7 The judge will flag the contestant when the rope breaks away from the horn and time will be taken.

R7.9.8 The contestant will receive a no time should she break the rope away from the saddle horn by hand. However, if the rope should dally around the horn, the contestant may ride forward, un-dally the rope, and then stop her horse to make the rope break away.

R7.9.9 Anything not covered by the above rules will be covered by the men's tie down roping rules.

R7.9.10 A rodeo may have a spotter designated by the judges for the ladies breakaway roping. The spotter should be on the opposite side of the arena from the flagger

A section is defined as the maximum number of contestants in a performance or any number of contestants in a rake. Each contestant shall have the option to rerun or keep her recorded time. No penalties will be carried over to the rerun. The secretaries, judges and all other officials shall try to notify contestants of the rerun. However, lack of notification shall not be grounds to change the results.

R7.11.3 If electric eye and backup times are missed a rerun will be awarded as per **R7.11.2** with no penalties assessed.
